

Homework Practice*Compare Whole Numbers***Compare. Use $>$, $<$, or $=$.**

1. 1,347 1,317 2. 5,781 5,872
3. 8,091 8,901 4. 11,654 1,654
5. 77,215 77,215 6. 97,604 96,407
7. 111,280 112,800 8. 234,582 23,458
9. 366,438 366,843 10. 672,809 672,809
11. 702,593 702,359 12. 894,710 89,470
13. 1,436,721 1,346,721 14. 23,086,543 23,806,543
15. 527,308,516 523,708,500
16. fifty-two thousand, four hundred sixty-seven 502,467
17. $800,000 + 60,000 + 400 + 60 + 2$ 97,642
18. four million, two hundred twelve thousand, thirty-two
 $4,000,000 + 9,000 + 50 + 9$
19. 6,821,054 sixteen million, five hundred twelve thousand,
 eight hundred fourteen

Spiral Review**Solve. Use the four-step plan. (Lesson 1-3)**

20. Sierra wants to climb the tallest mountain on each continent. She has already climbed the third tallest, Mt. McKinley (20,321 ft.) She wants to try a taller one next. Which of these is taller than Mt. McKinley: Kilimanjaro (19,337 ft.) or Aconcagua (22,841 ft.)?

21. Jake delivers 1,234 newspapers a week. Miranda delivers 1,407 newspapers a week. Who delivers more newspapers?
