Here We Go... The Home Stretch!

The weather has changed, Spring Break has passed and the students are sensing the end of another school year. We still have a **lot** of work to do and I plan on keeping things as normal as possible and ask that you please help with this at home. I want the year to end in a positive and productive way.

Mr. J. Williams

High Sierra Registration Due

Our trip is next week. We leave Wednesday morning at 8:00 and will return around 2-2:30 on Friday. The weather is unpredictable so please keep an eye on the weather to help your student pack to be comfortable. I will keep you updated on the weather as we get a bit closer.

Registration packets and fundraising monies are due this **Wednesday**. I will notify each of you of your balance owed once the current fundraising money has been collected and applied to your students account. If money is an issue please talk with Linda in the office. T-Shirt and Sweatshirt order forms went home today. Complete and return the order form by this Wednesday as well to get them ordered and paid for.

State Testing

State Testing is approaching quickly. Over the next couple of days we are going to be taking the Science Pilot Test. I know very little about this test as this is the first year it is being given. We will be taking the rest of the CAASPP test starting May 15th. As is the case with all state testing students need to be at school on time. If they are not they will not be allowed to enter the classroom and will need to wait in the office. This is not a school rule this is a state testing rule. We should be done with testing around 10:00 each day. This can be a stressful and anxious time for the students so it is important to keep school and home schedules as normal as possible. If you have any or questions about the State Testing please feel free to email me.

Progress Reports

Progress Reports will be going home later this week. Please sign and return the bottom portion, as your confirmation of seeing the report, by Tuesday, May 2nd. As always you can view progress anytime online at the parent portal.
